(c) whether Government have also chosen other companies to be entrusted with the responsibility in the field of atomic energy; and

(d) if so, the names of such companies and the criteria fixed for selection?

THE MINISTER OF STATE IN THE PRIME MINISTER'S OFFICE (SHRI PRITHVIRAJ CHAVAN): (a) No, Sir.

(b) Not applicable.

(c) and (b) The Nuclear Power Corporation of India Limited (NPCIL) and Bharatiya Nabhikiya Vidyut Nigam Ltd. (BHAVINI) are the two public sector companies under the Administrative control of the Department of Atomic Energy which are engaged in the setting up, operation and maintenance of Nuclear Power Plants in the country.

Share of nuclear energy

3129. SHRI A VIJAYARAGHAVAN: Will the PRIME MINISTER be pleased to state:

(a) whether there is any proposal to open civilian nuclear energy facilities to international inspections and safeguards;

(b) if so, the details thereof;

(c) if so, whether nuclear power field will be open to foreign suppliers of nuclear fuel to reactors and foreign investors;

(d) if so, the details thereof;

(e) if so, whether the domestic private sector participation in the nuclear energy program will be allowed;

(f) if so, the details thereof; and

(g) the present share of nuclear energy in overall energy mix and the cost of production of nuclear energy, thermal energy and hydro power, State-wise till date?

THE MINISTER OF STATE IN THE PRIME MINISTER'S OFFICE (SHRI PRITHVIRAJ CHAVAN): (a) and (b) In the Joint Statement by India and the US issued on the occasion of visit of Prime Minister to USA, the United States appreciated India's strong commitment to nuclear

non-proliferation and stated that India as a responsible state with advanced nuclear technology, should acquire the same benefits and advantages as other such states and that the President of United States would seek agreement of Congress to adjust US laws and policies and the US will work with its friends and allies to adjust international regimes to enable full civil nuclear energy cooperation and trade with India, including but not limited to expeditious consideration of fuel supplies for safeguarded nuclear reactors at Tarapur. In the meantime, the United States will encourage its partners to also consider this request expeditiously. India has expresed its interest in International Thermonuclear Experimental Reactor (ITER) and a willingness to contribute. The United States will consult with its partners considering India's participation. The United States will consult with the other participants in the Generation IV International Forum with a view toward India's inclusion. The Prime Minister conveyed that India would reciprocally agree that it would be ready to assume the responsibilities and practices and acquire the same benefits and advantages as other leading countries with advanced nuclear technology such as the United States. These responsibilities and practices consist of identifying and separating civilian and military nuclear facilities and programmes in a phased manner and filling a declaration regarding its civilians facilities with the International Atomic Energy Agency (IAEA); taking a decision to place voluntarily its civilian nuclear facilities under IAEA safeguards; signing and adhering to an Additional Protocol with respect to civilian nuclear facilities.

(c) Yes, Sir, if full civil nuclear energy cooperation and trade with India opens up.

(d) There is no firm proposal so far.

(e) As of now, there is no firm proposal for domestic private sector participation in the nuclear energy programme.

(f) Does not arise.

(g) All India share of nuclear energy in the overall energy mix for the year 2004-2005 is 2.9% and the capacity at the end of March, 2005 is 2.3%. The information regarding present share of nuclear energy in the overall energy mix and cost of production of nuclear energy Statewise is given in the Statement I and Statement II.

Statement I

Present Share of nuclear energy in the overall energy-wise

State	Capacity MWe	Year of commence-ment of operation	%Share of generation in 2004-05	Average cost of production in 2004-2005 paise/kWh
Rajasthan	740	100 MWe-1973 200 MWe-1981 440 MWe-2000	18	137
Karnataka	440	440 MWe-2000	12	155
Gujarat	440	200 MWe-1993 200 MWe-1995	5	162
Uttar Pradesh	440	200 MWe-1991 200 MWe-1992	4	113
Maharashtra	320	320 MWe-1969	4	58
Tamil Nadu	390	200 MWe-1986 170 MWe-1994	3	117

Statement II

State-wise/Utility-wise (including IPPs) Average cost of power generation for the year 2003-04 in respect of Thermal and Hydro Power stations is given below

(in Paise/Kwh)

Sl. No.	Name of the SEB/Utilities/Projects/IPPs	Thermal	Hydro
1	2	3	4
1.	Andhra Pradesh Power Generation Crop. Ltd.	152.85	35.24
2.	Andhra Pradesh Gas Power Corp. Ltd.	151.00	
3.	Assam State Electricity Board	106.00	

1	2	3	4
4.	Chhattishgarh State Electricity Board	96.14$	
5.	MP Power Generating Co.	160.98	59.13
